FOR IMMEDIATE RELEASE

April 15, 2009

STATEMENT BY BISHOPS OF THE UNITED METHODIST CHURCH
ON NEWS PRESIDENT OBAMA
WILL TAKE UP IMMIGRATION REFORM IN 2009

We join other religious leaders in thanking President Obama for placing immigration reform on his political agenda for 2009. As United Methodists we believe that immigration is a human rights issue that needs serious attention. We stand firmly in believing that the inherent value of all immigrants means that all of their civil liberties should be respected and maintained regardless of their legal status. We believe, however, that our present immigration policies violate these basic rights.

We encourage President Obama to work for comprehensive immigration reform that would...

- Provide a pathway to citizenship for immigrants;
- Reunify immigrant families that have been separated by immigration itself or due to work place raids and ensuing indefinite detentions and deportations;
- Increase the number of visas for short-term workers to come into the United States to work in a safe, legal, and orderly way;
- Extend legal protection to all workers who come to stay for a certain period of time, as well as for those who stay permanently, including the right to bargain for higher wages, to protest against poor working conditions, and to preserve their human rights as workers, be they documented or undocumented;
- Eliminate privately-operated detention centers, which are not regulated by the federal or state governments, and end all indiscriminate raids.

We stand ready to assist President Obama in this mighty work of comprehensive immigration reform that would truly serve the common good.
